DATA FOCUS

Data	Python, SQL, analysis, cleaning, automation, and data visualization.
Statistics	Critical data reading, patterns, hypotheses, and indicators.
Collection	Sensors, position, and interaction events in physical activations.
Security	Investigation, data integrity, and problem solving.

EXPERIENCE

NOVAXD Technology Experience - Developer - 08/2022 - present

Development of applications and interactive activations for museums, events, fairs, and brand booths, with growing emphasis on capturing, processing, and interpreting interaction data.

SKILLS

Data	Data Science; Data Analysis with Python; Data Visualization with Python; SQL; Beautiful Soup
Statistics	Statistical analysis; indicators; patterns; hypothesis validation
Programming	Python; C#; Unity; automation
Security	Information Security; investigation; problem solving
AI / Languages	Agentic AI Development; OpenAI Codex; advanced English

EDUCATION AND CERTIFICATES

Information Security - Centro Universitário FMU | FIAM-FAAM. Expected completion in June 2026.

IBM Data Science; EC-Council - Ethical Hacking Essentials (EHE); Information Security - FMU; Wireless Pentest

FEATURED PROJECTS

2022/2023
Vaccine Museum

First Latin American museum dedicated to vaccines, opened on March 7, 2023 at Parque da Ciência Butantan, with experiences about vaccines and immune system.

Contribution:
Created and operated iPad games, vaccination/infection touch tables, collective circular table, and fact-or-fake quiz totems.
